Personal note: Ballooning is filled with beauty, excitement, and adventure. We have been conducting flights in a safe and responsible manner since 1981. Because it is impossible to guarantee against adverse weather, mechanical failure, or landing conditions, we must ask that you accept such risks, which are inherent in all flights. It is our sincere hope that you are not discouraged from flying in a hot air balloon. If you have any questions, please ask. We look forward to another safe and exciting balloon adventure.
